### **I. Brief outline of Company's Corporate Social Responsibility**

The Company has adopted a Corporate Social Responsibility ("CSR") Policy in accordance with the applicable provisions of Companies Act, 2013 and allied rules (hereinafter referred as "the Act"). This Policy is a guideline for Company's CSR activities intended to support local communities on a variety of socially desirable activities with a view to enable high impact of and ensure measurable outcomes of the funds deployed towards such activities.

The Company's vision is to create positive impact in the lives of people through its outreach programmes. Our policy acts as a guiding principle for executing these programmes in the domain of education, including skill development as well as specific initiatives in the areas of special education and mental health. The Company has implemented several outreach programmes in collaboration with NGO partner, to provide long term educational support to destitute youth and subsequent employment opportunities. The Company also pledged support towards rural development of villages of Kerala affected by the unprecedented rain and flood and a part of Company's annual CSR budget was contributed in that regard.

It is also acknowledged that significant change can only be brought when every individual is involved towards this common goal. To do so, the Company strives to sensitise its employees about social concerns and incentivise them to serve society better by providing them an opportunity to work on the CSR initiatives. For effective employee-volunteering, the Company also engages its employees at the strategy level with contribution to other humanitarian activities, like conducting fundraising campaigns in the event of any natural calamity/disaster.
